## REMARKS

Upon the careful review of recently issued U.S. Patent 7,182,689 B2, the above-listed typographical and grammatical errors were noted. Patentees prepared this request for correction to the specification and claims in order to correct these typographical errors. These mistakes are of a clerical nature and of minor character, and they occurred in good faith. Thus, the correction of these mistakes does not constitute new matter and does not make necessary a reexamination of the patent. Further, the requested changes to the specification and claims do not change the scope of Patentees' rights granted under this patent.

Since the above-disclosed mistakes are of a clerical nature and of minor character, Patentees are hereby requesting the issuance of a Certificate of Correction pursuant to 37 CFR §1.322. A proposed Certificate of Correction is also submitted herewith.
